POND COMMITTEE REPORT

Update on ponds 7, 2, & 9
The project with AUE land is in progress on pond 7 with progress on the installation of the wall that will be the barrier that restrains the soil to be filled in behind it to fill a previously soggy area of an unattractive growth of weeds and other undesirable growth on pond 7. The fill being

installed behind the retaining wall is being recovered from pond 2 and pond 9. The recovery of the soil pond 2 will result in a savings of thousands of dollars for the reason that if it was not used in pond 7 the soil being removed from pond 2's remediation would have to be trucked to a waste site that is authorized by the EPA to receive soil waste and dumping fees paid. Pond 9 is also being remediated and likewise the soil removed is being utilized in pond 7 and thus avoiding trucking costs and dumping fees for EPA approved site. The soil placed behind the retaining wall on pond 7 will create a generally level area that will have a grass covering created by hydro-seeding, a process that is less costly than sodding. These combined projects will, in part, reduce the effects of erosion in ponds 7, 2, and 9 and enhance the appearance of the ponds.

Thank you!

"Congratulations"

Baynard Park is proud of its graduating May River High School seniors and would like to share their success with the community.

Congratulations to Ross and Kelly Hendricks on the graduation of their son Miller. He will be graduating from May River High School this year as one

of their Senior Scholars and Top 10! Miller is a member of The National Honors Society and The Beta Club. He is proud to say he will be attending Clemson. Bravo to Miller and his family!

Congratulations to Sid and Melissa Holland on the graduation of their daughter Brynn. Brynn will be graduating from May River High School. She is graduating as a Senior Scholar, Capstone graduate and AP Scholar. Brynn is a member of the National Honor Society and Beta Club and has been awarded the title of Palmetto Fellow. Cheers to Brynn and her family!

Congratulations to Doug and Ashley Lindblad and Matt and Tracy Smith on the graduation of their son Joshua Smith. Joshua will be graduating as one of the top of the class as a Senior Scholar at May River High School. Joshua has been accepted and will be attending The US Air Force Academy. Fly high Joshua!

Congratulations also go out to Tony and Sue Christiansen. Their son Jordan will be graduating from May River High School. He is graduating with honors and has received a Legacy scholarship from Utah State and will be attending there in the fall. Jordan kept a 4.2 average, played the piano and the saxophone in the band and was on the tennis team. Jordan's team took first place in the state at Catawba Ridge High School this year. While doing all this, Jordan also is a working man at Lids. Great job Jordan. We are looking forward to hearing more from you!

If you have a graduating senior or student who deserves kudos, a family milestone or something you are proud of; remember, it's about the community. Please let the board know and we will certainly share the info.

Ladies Luncheon Group

The Ladies Luncheon hosted by this month's hosts Mary Purdy & Sharon Geiman on April 24th was another successful event. The

lunch was held at Benny's Coastal Kitchen. A wonderful time was had by all.

Reminder- The warm weather is here and our pool and pavilion areas are used a lot. It is important to put down all umbrellas when you leave as wind from pop-up thunderstorms will destroy these new purchases. No glass bottles are permitted in the pool area and please remember to clean your table and throw away trash. It has been noted that the dumpster was recently filled by a resident. The pavilion dumpster is for the recreation area use only and not for resident's home refuse disposal. This area is under surveillance and equipped with security cameras. Let's work together and enjoy a great summer.

REMINDER

Baynard Park is proud to be pet-friendly, and we're happy your four-legged family members are part of our community, but recently we've had some complaints.

Of course, like any good neighbor, it's important that these pets don't create an unpleasant environment for everyone else. To avoid unnecessary disputes and potential rule violations, here are some guidelines residents should follow to ensure their furry friends continue to be a welcome addition to the neighborhood.

Remember, pets must be leashed at all times when outside of your home. Not only is this a community rule, it's the law as well! Recurring concerns with off-leash dogs should be reported to IMC and/or Beaufort County Animal Services at [\(843\) 255-5010](tel:8432555010)

Pet waste must be cleaned up, again, it's the law! No one wants to see, smell or accidentally step in the "gift" your dog left on the grassy common area or neighbors' lawns. So, when your dog needs to go, be sure to properly dispose of it. Not only will this keep the community looking better, but it will help keep groundwater clean and help prevent the spread of fecal-borne diseases. ***Please utilize the pet waste stations located throughout our community.***

Please also be cognizant of your dog kicking mulch, sod or other areas. If this occurs, please try to remediate the area back to its original state.

Thank you for your attention to this matter.
